REASONS FOR ALLOWANCE

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

O Mara et al., U.S. 5,667,364 discloses a separate controllable safety valve.

O' Blanc, U.S. 6,354,371 discloses an integral jet pump and check valve, wherein the valve prevents downward flow.

The following is an examiner's statement of reasons for allowance:

The prior art of record does not disclose or suggest all the claimed subject matter including the single trip placement of a jet pump and safety valve and controlling the safety valve to enable selective upward flow.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
